I'm not sure why the turtle wants to find his shell since it could easily afford a golden one with diamonds with all that cash it finds on the ocean ground.. \u6bc1\u539f\u4f5c. This game belongs to one of my first PC games. I played with this game like 15 years ago the last time, back then I could be like 5 or 6 years old and just started to attend to first grade in primary school. I still remember that my mom wrote the game to a disc for me as a present or something and I loved to play it for hours every day. Turtle Odyssey thank you for all the old memories, I will never forget this game.

. don't let the kid friendly apperance fool you
